ABOUT ZANZIBAR

Geography

Zanzibar, an archipelago on the coast of Tanzania, is made of many islands, mainly Unguja and Pemba islands.

Climate

The islands in Zanzibar are usually always warm all year long due to archipelago's proximity to the equator. Brief showers occur in the month of November, and longer rains are experienced in the months of March, April and May.

Language

The main language spoken in Zanzibar is Swahili, which is the national and official language of Tanzania. Many of the local residents also speak English, Arabic, French and/or Italian.

Currency

Zanzibar's main currency is Tanzanian Shillings (TZS) and US Dollars (USD). 1 US Dollar is equivalent 2,200 Tanzanian Shillings. We recommend that you keep petty cash in handy with you, especially when going out for touristic activities.

Cuisine

There are many heterogeneous influences that are reflected in Zanzibar's cuisine due to the multicultural nature that became a part of Zanzibar. The mixture of culinary traditions include Bantu, Arab, Portuguese, Indian, British and even Chinese cuisines.
